**PUZZLE**

The concept behind the design 'Puzzle' is to build up your own unique garment in the way you see it. Made with man-made suede and ultra-wool to hold it's position but be soft to the skin. The colors chosen are to give an organic feel and the geometric shapes to emphasize the puzzle piece shapes.

The key element is interaction with garment by attaching the pieces together then detaching them and turning into a new design. This gives you the creator an opportunity to set back and revise the style of the garment you have created. A garment that could always be changed but never go out of style and therefore becomes opposite to fast fashion.

Photographer / *Between* Graeme MacDonald

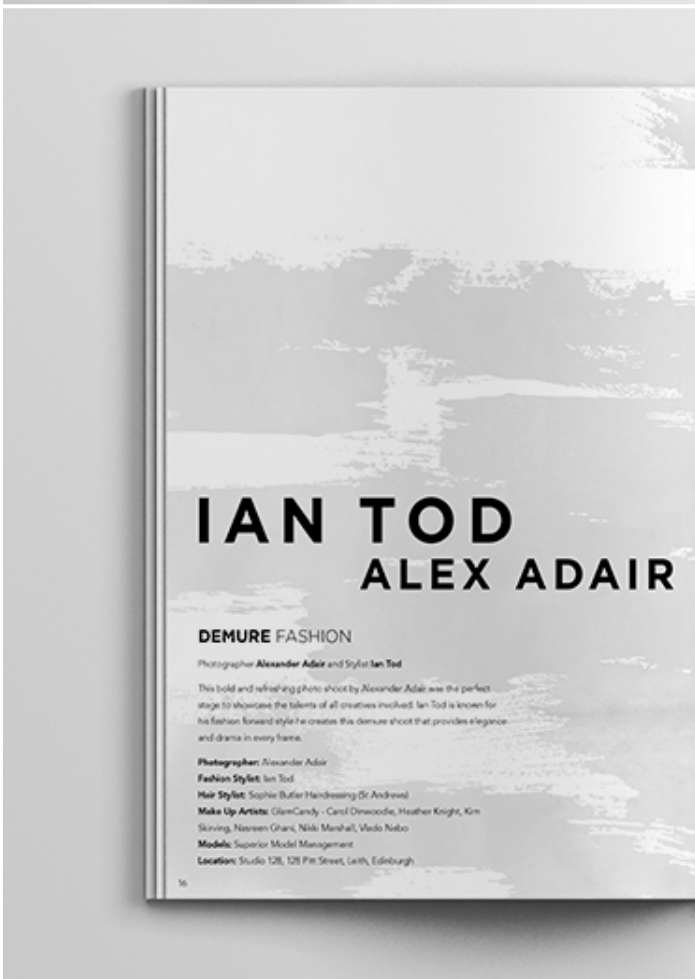

Designer: Karen Kojan

Hair Stylist: Kimberly Logie

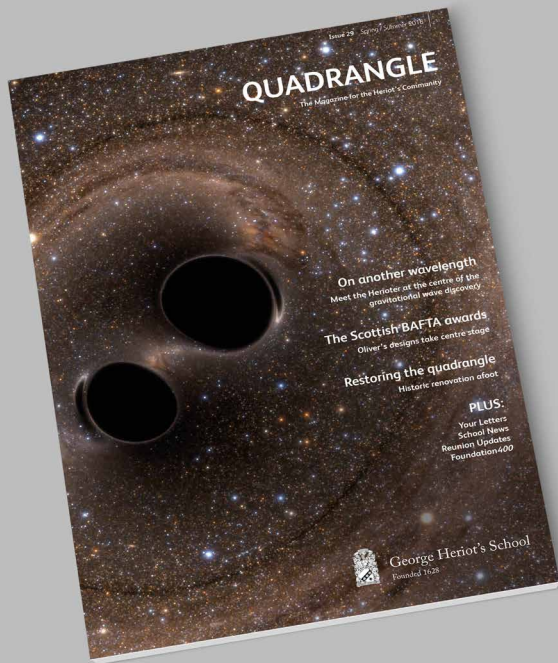

Make Up Artists: Jade Komara

Models: Agya Kikime, Megan Scroggie - Model Team
